

# Torben

# Robust but inviting to bring us closer together

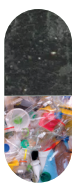

## Materials

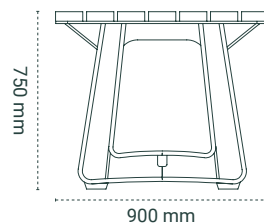

Embrace the outdoors with Torben, an embodiment of sustainable elegance in the realm of street furniture. Its foundation, forged from 100% recycled household plastic, speaks volumes about durability and environmental responsibility. Atop this robust base lies a bamboo slatted top, a nod to both style and sustainability. As you enjoy the open air seated at Torben, you're not only experiencing the beauty of nature but also sitting with a conscience, knowing that every element is carefully chosen for its eco-friendliness.
